NEW COURSES

Writing for Publication

Whether you're writing a case study, research article, or reflective piece, our new Writing for Publication course will equip you with the tools and confidence to publish successfully. This 1 hour course covers how to choose the right journal for your work, tips for clear, effective writing and guidance on submission and dissemination plans.

Copilot Stay and Play

Interested in using Microsoft Copilot but not sure where to start? Explore how Copilot can support with everyday admin tasks in this interactive 1-hour session. It includes a brief overview, live demo, hands-on activities, and a reflective discussion to help you apply what you've learned.

IS YOUR WORK EVIDENCE-BASED?

Research suggests that only 60% of patient care is in line with evidence-based guidelines and 7% of best practice becomes obsolete each year.

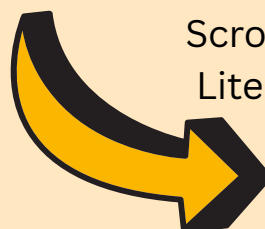

[Request an evidence search](#) to find up-to-date evidence to support your practice, policies or projects.

- Weds 22nd Oct, 1-1.30pm
- Weds 29th Oct, 12-12.30pm

All sessions will be held on Microsoft Teams.

Available to book on KnowledgeShare or ESR

DID YOU KNOW?

6 in 10 adults find it hard to understand the health information.

Low health literacy can lead to poor health outcomes, missed appointments and incorrect medication.

Join us at the restaurant stand on Monday 20th at Tameside & Tuesday 21st October at Stockport!
